- Laser Scanning -

Arc Surveying & Mapping, Inc.

Professional surveyors with offices located in Jacksonville, Florida and San Juan, Puerto Rico, specializing in bathymetric and topographic surveys throughout North and South America.

All employees of Arc Surveying & Mapping, Inc. are career surveyors. The topographic and hydrographic surveyors of Arc have well over 100 years experience. Arc has performed thousands of hydrographic and topographic surveys during the last twenty years. Arc recognizes the overall-cost benefit of technology and were one of the first surveyors to purchase GPS, multibeam swath sounders, and optical laser scanners.

- Managed by a group of experienced professionals
- Timely and efficient surveying services
- Proud to be a drug free workplace
- Quality, control, and reliability
